

Happy
Thanksgiving

An illustration of a golden pumpkin with a green stem and a small leaf, surrounded by stalks of wheat and red autumn leaves. The text "Happy Thanksgiving" is written in a black cursive font, with the pumpkin and wheat illustration integrated into the design.

Do you remember when...

**You had great memories of having family and friends around you
The smells lofting from the kitchen with favorite dishes
How excited you were when everyone sat around the prepared table
The smiles and stories shared that engaged each one of us
How warm and secure you felt**

**With all the changes and uncertainties of 2020
This might not happen for some in our community
Families are feeling lost and confused
Relatives may live miles away
Parents working from home and trying to balance school and work
We are reaching out to these families and *guiding* them on a path that they can follow
But we need your *help* to have more of an impact in our community
You can relieve this stress
Your donations will give us the *support* to guide more students
and their families to receive educational supports
Families now can focus on time spent together and traditions during the holidays**

Thank you,

Debra Kunkle-Patten
